

Getting started with YouHue in the classroom

Answers to common questions

As you continue digging into YouHue, you may find yourself with a few questions. What exactly is YouHue? How does it benefit students and teachers? How much time does it take? How often will I need to add it to my schedule? How much does it cost?

If you're wondering about any number of these topics, you've come to the right place. Read on to learn more about our app, its benefits, and perhaps best of all, how simple it actually is.

Q: What is YouHue?

A: YouHue is an app that goes beyond simple mood check-ins. It serves as a tool for teaching social and emotional learning (SEL) skills, fostering effective communication between students and teachers, expanding emotional vocabulary, and promoting mindfulness.

Q: How can I get started with YouHue?

A: Getting started with YouHue is easy:

1. **Create your free YouHue account:** Visit youhue.com and sign up with your school email. Choose your school or create one if necessary. Add your class and students to your school.
2. **Help your students join YouHue:** Instruct your students to download the app and enter the class access code and student passcode you provide. They can start logging their emotions right away. They can also log in using their Google account.

Q: How much does YouHue cost?

A: Getting started with YouHue is absolutely free, allowing you to use the app with up to 100 students without any cost. Once your school exceeds 100 students, you can take advantage of our 30-day free trial of the school subscription. For detailed pricing information, please click [here](#).

Q: How much time does YouHue take?

A: One of the greatest advantages of YouHue is its customizability. Use it daily or a few times per week. Each session typically takes only a minute to five minutes, seamlessly fitting into any part of the day. Discover the optimal time frames that have been proven effective by our users [here](#).

Q: Do students enjoy using YouHue?

A: Since YouHue is student-led, it's almost always fun and meaningful. Learners can share as much or as little as they like. They can also dig into the deeper features when they feel interested in them.

Our student reviews have shown feelings of appreciation for YouHue's confidentiality and its ability to help strengthen student-teacher relationships. They've shared that the app has helped them solve real-life concerns that they may not have otherwise felt comfortable addressing with their teachers.

And on top of it all, we've designed every aspect of our app to have a colorful-but-calming feel. It's exciting and inviting for kids of all ages.

Q: What are the educators' responsibilities moving forward?

A: Educators have the flexibility to shape their use of YouHue based on their specific needs and goals. Here is a general idea of how the app can be utilized:

1. Encourage students to explore and log their emotions 3-5 times per week.
2. Regularly review student submissions, either as they come in or during designated times.
3. Consider incorporating opportunities for students to reflect on past logs or engage in mindfulness activities assigned to specific users.

Q: Do you offer a training guide for getting started?

A: While YouHue is designed to be user-friendly and intuitive, we understand that educators may benefit from additional support. We provide various resources, including user guides and helpful materials, on our [Resources](#) page to assist you in getting started. Additionally, if you require further guidance or would like to book a demo, please reach out to us at help@youhue.com. We're here to help you make the most of YouHue!
